This mount can be secured to a flat roof, pitched roof or vertical wall.

Wall/Roof Mount Model 611604104

Skyware Global's Wall/Roof Mount has been specifically designed for our line of off-set reflectors.

Mechanically tested and field proven, this quality constructed mount meets the performance requirements of demanding commercial applications.

This mount can be secured to a flat roof, pitched roof or vertical wall. The mount components are pre-galvanized steel and the hardware is plated for excellent corrosion resistance.

Model 611604104 utilizes a 76 mm (3.00") O.D. mast and is designed for the 96 cm, 1.0 m, and 1.2 m antennas.

Antenna	Mast Dimensions	Maximum Wind Loading	
		Roof	Wall
96 cm or 1.0 m	76 mm (3.00 in)	111 mph	106 mph
1.2 m	76 mm (3.00 in)	93 mph	88 mph
