

DESCRIPTION:

MINI SATELLITE DIPLEXER (40 - 2150MHz)

Low Insertion Loss & High isolation design allows off-air and satellite to be fed on a single coax cable Mini Die cast housing with Zinc plating With Epoxy sealed cover for good weather protection

Specifications

? Bandwidth	
? UHF/VHF	40-806 MHz
? Satellite	950 - 2150MHz
? Insertion Loss (dB Max.)	
? UHF/VHF- PORT	1.5dB max.
? Satellite-PORT	2dB max.
? Isolations	
? UHF/VHF	30dB min.
? Satellite	30dB min.
? Return Loss	
? UHF/VHF	12dB min.
? Satellite	12dB min.
