

# Cisco Model DPC3825 8x4 DOCSIS 3.0 Wireless Residential Gateway

The Cisco<sup>®</sup> Model DPC3825 8x4 DOCSIS 3.0 Wireless Residential Gateway (DPC3825) is a high-performance home gateway that combines a cable modem, router, and wireless access point in a single device providing a cost-effective voice and networking solution for both the home and small office. The DPC3825 provides a faster connection to the Internet by incorporating eight bonded downstream channels along with four bonded upstream channels. These bonded channels can deliver downstream data rates in excess of 340 Mbps and upstream data rates in excess of 120 Mbps. That's up to eight times faster downloads than conventional single-channel DOCSIS<sup>®</sup> 2.0 cable modems.

The DPC3825 is designed to meet DOCSIS 3.0 specifications, as well as offering backward compatibility for operation in DOCSIS 2.0, 1.1, and 1.0 networks.

Figure 1. Cisco Model DPC3825 8x4 DOCSIS 3.0 Wireless Residential Gateway (image may vary from actual product and specification)

Designed for the active digital home or office, the DPC3825 integrated router features a Dynamic Host Configuration Protocol (DHCP) server, Network Address and Port Translation (NAT/NAPT) and a Stateful Packet Inspection (SPI) firewall. These features allow the user to share a single high-speed public Internet connection as well as share files and folders between devices within the home network by attaching multiple wired and wireless devices in your home or office to the wireless residential gateway.

Consumer-friendly features such as Wireless Protected Setup (WPS) and user-configured Parental Control can protect the home network from unwelcome intruders and family members from access

Purchase from Multicom MULT

### **Features**

#### DOCSIS

 Compliant with DOCSIS 3.0, 2.0, 1.1, and 1.0 standards to deliver high-end performance and reliability

#### Connections

- Four 10/100/1000BASE-T Ethernet ports to provide wired connectivity
- High-performance broadband Internet connectivity to energize your online experience
- 802.11n, Single Band 2.4 GHz 2x2 Wireless Access Point (WAP) with four Service Set Identifiers (SSIDs) or optional Dual-Band non-concurrent radio
- WPS, including a push-button switch to activate WPS for simplified and secure wireless setup
- USB host port

#### **Design and Function**

- Attractive, compact design and versatile orientation to stand vertically, lie flat on the desktop or shelf, or mount easily on a wall
- Dual color LED status indicators on the front-panel provide an informative and easy-tounderstand display that indicates the cable modem operational status
- TR-068 compliant color-coded interface ports and corresponding cables simplify installation and setup

#### Management

- User-configurable Parental Control blocks access to undesirable Internet sites
- · Advanced firewall technology deters hackers and protects the home network from unauthorized access
- Allows automatic software upgrades by your service provider

#### **Software and Documentation**

· CD-ROM containing user guide

Figure 2. Cisco Model DPC3825 Front Panel (image may vary from actual product and specification)

Table 1. Front Panel Features

| Feature    | Description   |
|------------|---|
| Indicators | Power, DS, US, Online, Ethernet, USB, Wireless Link, Wireless Setup |
| Color      | Black, black lens, silver text                                      |
| Branding   | Cisco and model number  |

Figure 3. Cisco Model DPC3825 Back Panel (image may vary from actual product and specification)

Table 2. **Back Panel Features** 

| Feature                                     | Description  |
|---|--|
| POWER<br>Connector Color: Black             | Connects the wireless home gateway to the DC output of the AC power adapter                                |
| POWER SWITCH<br>(Not Shown)                 | Turns power ON and OFF (available only on products carrying the CE mark)                                   |
| MAC ADDRESS LABEL                           | Displays the MAC address of the cable modem  |
| USB<br>Color: Blue                          | Type 2 USB 2.0 port connects to a USB port on select devices   |
| ETHERNET (1 – 4)<br>Connector Color: Yellow | Four RJ-45 Ethernet ports connect to the Ethernet port on your PC or your home network                     |
| CABLE<br>Connector Color: White             | F-connector connects to an active cable signal from your service provider                                  |
| RESET                                       | Power cycles the cable modem   |
| WIRELESS SETUP                              | Activates WPS, which allows you to add wireless devices to the wireless network of the residential gateway |
| ANTENNA (internal)                          | (2) internal antennas provide a communication connection for the built-in 802.11n wireless                 |

| Dimensions (W x D x H)             | Not including F-Type connector:                          |  |  |
|                                    | 5.7 in. x 6.9 in. x 1.8 in. (14.5 cm x 17.6 cm x 4.5 cm) |  |  |
| Weight                             | 13.76 oz. (0.390 kg)                                     |  |  |
| Operating Temperature              | 32° to 104°F (-0° to 40°C)                               |  |  |
| Operating Humidity                 | 0 to 95% RH non-condensing                               |  |  |
| Storage Temperature                | -4° to 158°F (-20° to 70°C)                              |  |  |
| Standards and Approvals            |  |  |  |
| Designed to meet with the          | DOCSIS 3.0, 2.0, 1.1, and 1.0                            |  |  |
| following standards                | IEEE 802.11 b/g/n  |  |  |
|                                    | WEP, WPA, and WPA2                                       |  |  |
|                                    | WMM, WPS   |  |  |
| Regulatory Compliance              |  |  |  |
| Regulatory and Safety<br>Approvals | As required per country where the DPC3825 will be used   |  |  |

# **Ordering Information**

#### Table 4. Ordering Information

| Description   | Part Number |
|---|-------------|
| 5-42/88-1002 MHz Diplex Filter  |             |
| 8 MB Flash X 64 MB DRAM Memory Configuration (Standard Configuration)   |             |
| DPC3825 DOCSIS 3.0 8x4 Wireless Residential Gateway includes:   | 4034138     |
| 802.11n 2x2 Wireless Access Point   |             |
| USB 2.0 host port   |             |
| <ul> <li>100-240 VAC / 50-60 Hz, 15 VDC/ 1 A Desktop switching-regulated power supply with detachable<br/>power cord</li> </ul> |             |
| <ul> <li>Power cord, North America (non-polarized)</li> </ul>   |             |
| Ethernet cable  |             |
| CD-ROM containing user guide  |             |
| North America   |             |
| DPC3825 DOCSIS 3.0 8x4 Wireless Residential Gateway includes:   | 4038277     |
| 802.11n 2x2 Wireless Access Point   |             |
| USB 2.0 host port   |             |
| <ul> <li>100-240 VAC / 50-60 Hz, 15 VDC/ 1 A Desktop switching-regulated power supply with detachable<br/>power cord</li> </ul> |             |
| Power cord, North America (non-polarized)   |             |
| Ethernet cable  |             |
| CD-ROM containing user guide  |             |
| North America (Customer-specific configuration)   |             |
| DPC3825 DOCSIS 3.0 8x4 Wireless Residential Gateway includes:   | 4038465     |
| 802.11n 2x2 Wireless Access Point   |             |
| USB 2.0 host port   |             |
| <ul> <li>100-240 VAC / 50-60 Hz, 15 VDC/ 1 A Desktop switching-regulated power supply with detachable<br/>power cord</li> </ul> |             |
| <ul> <li>Power cord, North America (non-polarized)</li> </ul>   |             |
| Ethernet cable  |             |
| CD-ROM containing user guide  |             |
| North America (Customer-specific configuration)   |             |

| Description   | Part Number |
|---|-------------|

| 802.11n 2x2 Wireless Access Point   |             |
| USB 2.0 host port   |             |
| <ul> <li>100-240 VAC / 50-60 Hz, 15 VDC/ 1 A Desktop style switching regulated-power supply with<br/>detachable power cord</li> </ul> |             |
| • Power cord, Japan (non-polarized)   |             |
| Ethernet cable  |             |
| A OD DOM containing ware suids  |             |
| CD-ROM containing user guide  |             |

# **Replacement Components**

| Table 5. | Replacement Components |
|----------|------------------------|
|----------|------------------------|

| Description  | Part Number |
|--|-------------|
| Power Supply   |             |
| Class 2 Switching Regulated  |             |
| 100-240 VAC/50-60 Hz, 15 VDC / 1.5 A desktop-style switching regulated power supply with detachable power cord (order power cord separately) | 4034524     |
| Power Cord   |             |
| Power cord, 2 conductors, NEMA 1-15 to C7, North America (polarized)   | 4026134     |
| Power cord, 2 conductors, Argentina (non-polarized)  | 4012938     |
| Power cord, 2 conductors, CEE7/16 to C7, INMETRO, Brazil (non-polarized)   | 4009115     |
| Power cord, 2 conductors, CEE7/16 to C7, Europe (non-polarized)  | 503414      |
| Data Cable   |             |
| Ethernet cable, 1.2 meters   | 740580      |
| Ethernet cable, 2.0 meters   | 4018790     |
| CD-ROM   | ·           |
| CD-ROM with user guides and USB driver   | 4034136     |
