

Fiber Optic Splitters

Multicom's fiber optic splitters are available in a wide range of styles and sizes to split or combine light with minimal loss. All splitters are manufactured using a very simple process that produces reliable, low-cost devices. Splitters can be fabricated in custom fiber lengths and with any type of connector.

Features

- » LGX Compatible
- » Low Insertion Loss
- » Even or Various Splitting Ratios
- » 1x2 through 1x64 Configurations
- » Bidirectional, Compact
- » Environmentally Stable

Applications

- » Long-Haul Tele/Data Communications
- » Fiber Optic Equipment and Systems
- » CATV Systems
- » Local Area Network, PON, and FTTH
- » Fiber Sensors

Multicom manufactures a large variety of splitters:

Single and Double Wide LGX Cassette

Installed into a rack-mountable chassis
P/N: MUL-FOCH-CASS

Rack Mount
1x2 thru 1x64

Box Type

Tube Type

These splitters are immune to electro-magnetic interference (EMI), consume no electrical power, and do not add noise to the system design.
