

Fiber Optic MUX/DEMUX Chassis

with Installation Instructions

Product Specifications

Description

The Multicom MUL-FOMUX-100-CH is a low profile 1RU Rack Chassis designed to hold up to 2 MUX DEMUX Plug-in Modules, providing an easy way to manage an increase in network capacity.

Features

- Adjustable mounting brackets on each side allows for the ability to expand or reduce mounting depth
- 1.2mm cold rolled steel construction for extra strength, with black powder coat finish
- Includes mounting hardware:
Four 12mm screws and four M6 rack nuts

Parameter	Specification
Chassis type	Rack mount

Dimensions	44 x 482 x 1.81mm (1.73 x 19 x 10.28 in)

Fiber Optic MUX/DEMUX Chassis without Modules

Fiber Optic MUX/DEMUX Chassis with two Modules

Installation:

1. Position the 1RU MUX/DEMUX Chassis into the 19" rack at the desired height
2. Secure the chassis using the provided mounting hardware
3. Align and level the MUX/DEMUX module with the chassis opening
4. Gently push the module into the chassis opening
5. Press the captive screws on each side of the module
6. Hand-tighten screws with a screwdriver
7. Repeat this procedure on the other side of the chassis
8. If not using a chassis opening, a blank can be installed
