

Tear Away Security Seal with Steel Locking Piece

Product Specifications

Description

Tear Away security seals offer a tamper evident solution for sealing truck trailers, containers, and various other cargo holds. Great for mail/courier/money containers which require high security.

Made of high-density polypropylene and a steel locking piece for extra hold, these security plastic seals have a breaking strength of up to 73 lbs. and come laser etched with 7 digit sequential numbers.

To use, simply thread the end of the seal through the closure and into the area marked "enter" at the end of the seal and pull tight. Removing is more difficult, require additional tools like cutters or pliers.

MUL-SSEALA-BL
