

# RJ-11 Modular Flat Telephone Cable

Multicom's superior quality RJ-11 Unshielded (UTP) Telephone Patch Cable is constructed from heavy duty 24 AWG wire with a silver satin PVC jacket. This cable has gold-plated connectors for clearer communication. Its 4/6/8-conductor construction handles multiple phone lines while the heavy duty PVC jacket protects the cable's integrity.

This telephone cable designed for all telephone communications, VoIP applications, modems, and other high performance telephony applications.

Parameter	Specification
Cable	24 AWG, 2 pair (4 Conductor), 3 pair (6 Conductor), 4 pair (8 Conductor)
Connectors	RJ-11 Male, both ends, Transparent Polycarbonate
Conductor	Solid Copper
Outer Diameter	5mm
Jacket Material	Polyvinyl Chloride (PVC)
Contacts	Brass, Gold Plated
Terminal Resistance	20 Ohm maximum
Insulation Resistance	>1G Ohm
Length	5 FT (1.5M), custom lengths available

**Part# MUL-RJ11-1.5M-2-24**

└ Wire Gauge: AWG  
└ Number of Pairs  
└ Cable Length: M=Meters, FT=Feet
