

## FIBER TAP FT-8NC

### Product Description

Multilink's Fiber Tap FT-8NC is designed around adapting to the ever changing Outside Plant (OSP) infrastructure. Hardened connectors and robust design withstand the harsh OSP world, while allowing flexibility per application. FT-8NC's re-enterable design allows for custom field installations of customer input fiber.

FT-8NC has 4 non-captive entry ports.

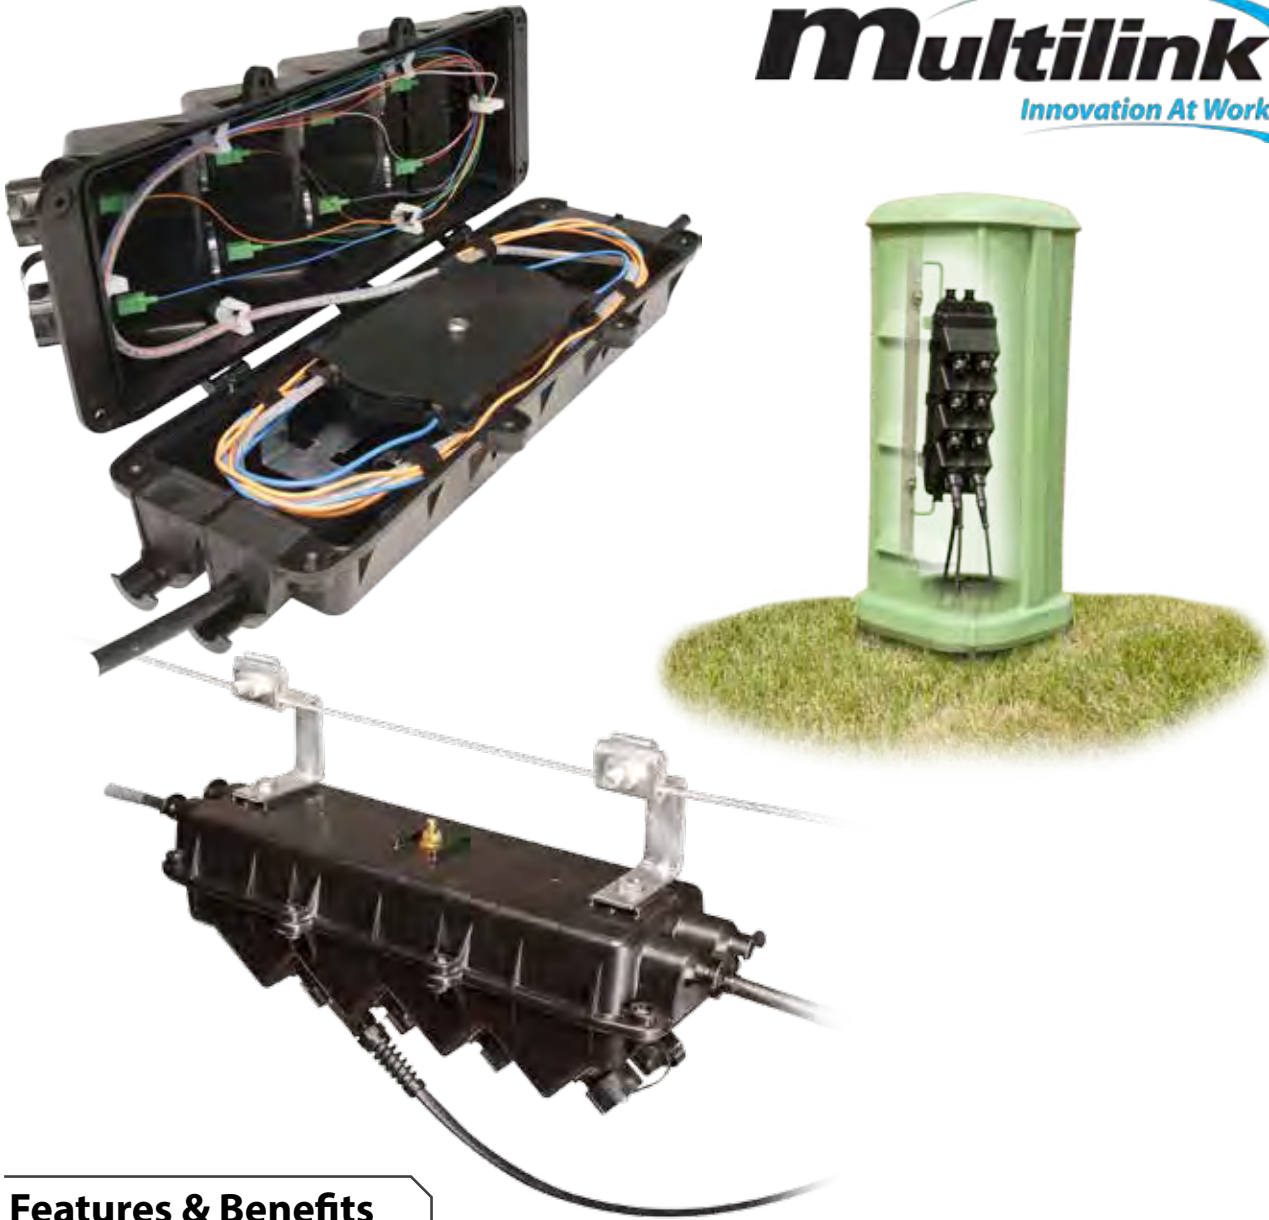

Patent in Process
