

## OUTSIDE PLANT PRODUCTS

### Mid-Span Grounding Closure

The Starfighter Mid-Span Grounding Closure is specifically designed to allow for meeting grounding and bonding specifications. The closure has a Gel Seal technology to provide for a water tight seal without the need for any additional grommets or special seals. The closure is also designed for re-sealing cable sheath damaged as a result of placing or outside plant events.

#### Features & Benefits

- Completely sealed with Gel Seal technology.
- Ease in installation requiring no special tools.
- Compact for tight areas.
- Mid-access design for installation over existing cables without disturbing a working cable.
- Can be used for above or below grade applications.
