

Fiber Termination Modules / FTMs

The Multilink family of Fiber Termination Modules (FTMs) is designed for plug-n-play type fiber termination applications. Modules are designed for MTP or Pigtailed applications and available with all standard Optical Adapter terminations. Each unit is manufactured in a powder coated Aluminum chassis and all terminations are GR-326 compliant.

Features & Benefits

- Products all meet Telecordia specifications for bend radii
- Can be used in all indoor areas
- Durable powder coat finish
- Durable steel construction
- Available fully loaded with SC and LC terminations including pigtailed or MTP options
