

# RACKMOUNT LIGHTING

## LT-GN Series Interior Rack Lights

The LT-GN gooseneck work light features ultra bright LEDs for high visibility and plugs into USB ports on the front and rear of select power and lighting products or computers with standard USB ports. A flexible, silver gooseneck retains memory for easy positioning. **NEW** LT-GN-PL also features a power supply with a standard 120V plug.

Part #	Description	Use With
LT-GN	gooseneck work light with USB connector	PDLT-815RVx, PD-915RV-RN, LT-1Rx
<b>NEW</b> LT-GN-PL	gooseneck work light with 120V plug	any 120V receptacle

LT-GN operates via USB

LT-GN-PL plugs into any 120V outlet

## LT-1R Series Rackmount Light

View components easily with the LT-1R series rackmount lights. The retractable, dimmable LED bar illuminates automatically when opened. Two rear USB ports accept the LT-GN gooseneck light for viewing connectors, cables and rear of components. Designed with aesthetics in mind, the Designer Inspired LT-1RA and LT-1RC feature a dimmable logo with dimmer switches hidden underneath the retractable light. Constructed of 18-gauge steel, the one rackspace rackmount light is available with a flat black powder coat, silver brushed and anodized or black brushed an anodized finish. Includes power supply.

## Magnetic Work Light

Designed for use when installing and servicing equipment, the WL-60 provides convenient illumination in rack enclosure interiors. The unit features a strong, scratch resistant magnetic base that attaches to any steel surface and a quadruple-jointed support arm makes it easy to aim the light, which stays where you put it. The WL-60 includes a 60 watt "rough-service" bulb, aluminum shade with on/off switch and an ultra-long 18' line cord that eliminates the need for an extension cord.
