

## Cable Preparation Tools

### Rotary 2-Blade Cable Stripper

**CS-596**

Easy-Spin Coaxial Cable Stripper for RG58, RG59, RG6 – Lightweight cost-effective tool provides consistent cable preparation – 2 and 3-level stripping of coaxial cable—outer jacket, shield braid, inner dielectric – Adjustable precision construction ensures consistent blade depth and position for varying coaxial cable diameters – Hex-Key Cutting Depth Adjustment – Self-Regulated Positive Spring-Loaded Tension – Preset Strip Lengths 0.315" Outer Jacket - 0.157" Inner-Dielectric – Available replacement blades

**CS-596** Cable Stripper  
**CS-596B** Replacement Blades

### Clothespin 3-Blade Rotary Cable Stripper

**CS-200**

Clothespin-Style Coaxial Cable Stripper for RG58, RG59, RG6 – Cost-effective high-performance tool provides consistent cable preparation – 2 and 3-level stripping of coaxial cable—outer jacket, shield braid, inner dielectric – Slide Cable Selection – Integrated Center-Pin Cutter – Adjustable precision construction ensures consistent blade depth and position for varying coaxial cable diameters – Self-Regulated Positive Spring-Loaded Tension – Preset Strip Lengths 0.315" Outer Jacket - 0.157" Inner-Dielectric – Available replacement blade cartridges

**CS-200** Cable Stripper  
**CS-200B** Replacement Blades

### Quick-Spin 3-Blade Rotary Cable Stripper

**CS-202**

Quick-Spin Coaxial Cable Stripper for RG58, RG59, RG6 – Ergonomic and cost-effective high-performance tool provides consistent cable preparation – 2 and 3-level stripping of coaxial cable—outer jacket, shield braid, inner dielectric – Adjustable precision construction ensures consistent blade depth and position for varying coaxial cable diameters – Hex-Key Cutting Depth Adjustment – Self-Regulated Positive Spring-Loaded Tension – Preset Strip Lengths 0.315" Outer Jacket - 0.157" Inner-Dielectric – Available replacement blades

**CS-202** Cable Stripper  
**CS-202B** Replacement Blades
