

# Agile Consumer Modulators

## Channel 3/4 Consumer Audio-Video Modulator

## VSM-3/4 Series

Low-cost channel 3/4 auto switching A/V Modulator connects DVD, VCR, Satellite, Security video, or other Video Equipment to standard TV sets with F-type RF only input connectors – F-type RF Connectors – RCA-type A/V Baseband Connectors – Rear Panel Channel 3 or 4 Selection Switch Insertion loss 4.5dB – RF Output Impedance 75-Ohms – Audio Input Impedance 13K+3KOhms – Video Input Impedance 1KOhm switchable – Power Requirements 120V 60Hz 5W Dimensions 5-7/8"(L) x 3"(D) x 1-3/8"(H) – Weight 0.8 lbs

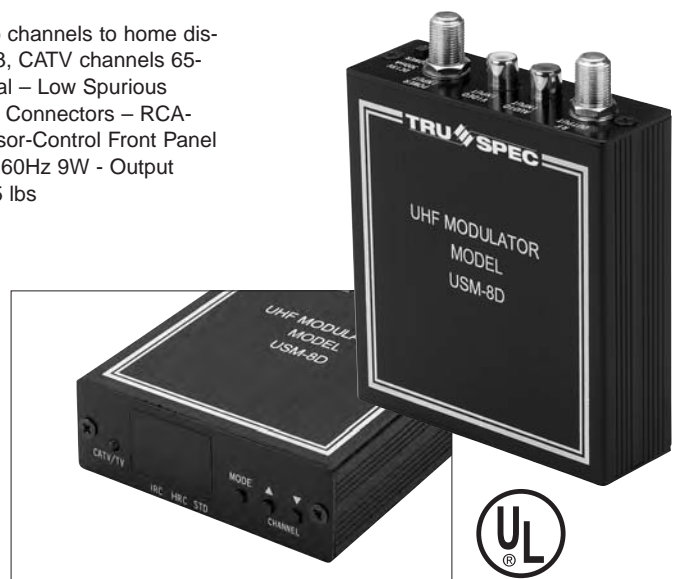

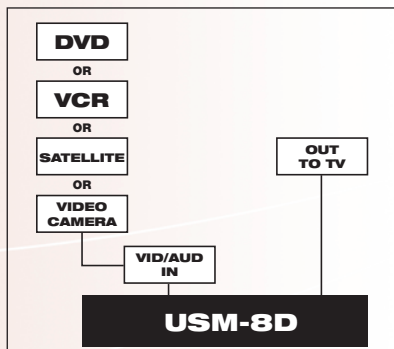

- VSM-3/4** Composite Video Input
- VSM-3/4S** Composite Video and S-Video Inputs

## UHF Consumer Agile Audio-Video Modulator

## USM-8D

Low-cost UHF A/V Agile Modulator adds Satellite, VCR, or Security Video channels to home distribution network over ultra-band and UHF band NTSC TV channels 14-83, CATV channels 65-139 – Double Vestigial Sideband Output 7dBmV minimum, 10dBmV typical – Low Spurious Distortion – Frequency Stability Video/250KHz, Audio +3KHz – F-type RF Connectors – RCA-type A/V Baseband Connectors – LED Digital Display – PLL Microprocessor-Control Front Panel Push-Button Channel Selection – External UL Power Adapter Input 120V 60Hz 9W - Output 15VDC 300mA – Dimensions 3-3/8"(L) x 1-1/8"(D) x 3-3/4"(H) – Weight 0.5 lbs
