

TP1-T

Test Probe 

- Ideal Test Probe for Most Motorola, Philips, and Scientific Atlanta Amplifiers, Line Extenders, and Fiber Nodes
- Replaceable F-81 Connector
- Durable, Long Lasting

Overview

The TP1-T™ test probe is the ideal troubleshooting and verification tool for sweeping amplifiers, line extenders, and most fiber nodes. Simply remove the existing attenuator pad and insert the test probe. This test probe can be used to check levels at any pad location and will allow measurement of the exact signal coming into the given location, forward or reverse.

Typical Insertion Loss

5 MHz	0.0 dB
500 MHz	0.25 dB
1000 MHz	0.4 dB

Specifications are subject to change without notice.
