

# FT-12-50, FT-78-50, FT-114-50

## Flaring Tool for 1/2", 7/8" & 1-1/4"

### 50 ohm Annularly Corrugated Cable

- For flaring the outer conductor end on 50 ohm 1/2" , 7/8" and 1-1/4" Annular Flexible Foam Core Cable
- Fast, efficient and precise flaring
- Large plastic screwdriver-type handle provides exact leverage while rotating the tool
- For 1/2" cable, use model FT-12-50;  
For 7/8" cable, use model FT-78-50; For 1-1/4" cable, use model FT-114-50
- Made in U.S. A.
- Length: 5.00 in (127mm)
- Weight: 3.50 oz (99g)

## HSK Antenna Hole Saw Kits

- For the installation of permanent mount mobile antennas
- Depth of hole limited to .125 inch (3.18mm) to prevent damage to underlying headliners of vehicles
- Special drill bit restricts walking of the saw
- Shoulder scores paint for improved grounding
- Designed for 3/8 inch (9.5 mm) or larger electric drills
- Length: 2.5 in (64mm) • Weight: 4.0 oz (113g)

**HSK**

Model	Hole Sizes (Inch)	Hole Sizes (mm)
HSK-1	3/4 and 1-5/16	19.05mm and 33.3mm
HSK-19	3/4	19.05mm
HSK-33	1-5/16	33.3mm

Components	Description
HSA-1	Arbor
HSC-19	3/4 inch (19.05mm) collar assembly
HSC-33	1-5/16 inch (33.3mm) collar assembly
SB-89	3/4 inch (19.05mm) two-blade pack
SB-88	1-5/16 inch (33.3mm) two-blade pack
HSPD-1	3/16 inch (4.76mm) pilot drill bit
