

Omni VS UPS System

Line interactive UPS for personal PCs and workstations

Model #: OMNIVS1000

- ▶ 1000VA line interactive UPS
- ▶ 8 outlets (6 UPS / 2 surge-only)
- ▶ Single line TEL/DSL line surge suppression
- ▶ Enhanced communications via USB port, free PowerAlert software (via download) and cabling
- ▶ Corrects brownouts as low as 83V
- ▶ \$200,000 Ultimate Lifetime Insurance (USA & Canada only)

DESCRIPTION

Tripp Lite's OMNIVS1000 line interactive UPS system offers voltage regulation, surge suppression and long lasting battery support for personal computers, internetworking equipment and other sensitive electronics. Internal UPS circuits support entry level PC systems for up to 60 minutes during power failures so that connected equipment can be shut down without data loss. Automatic Voltage Regulation (AVR) circuits regulate brownouts as low as 83 volts back to usable levels without using battery power. Offers complete desktop power protection in an attractive black tower configuration. Includes 6 battery supported outlets for computer, monitor and one vital system peripheral, plus 2 additional surge suppression-only outlets for printers and other system accessories not requiring battery support. USB port enables optional unattended system shutdown without data loss in the case of extended power failure, USB cable included. PowerAlert software available via free download from www.tripplite.com. Built-in single line RJ phone suppression jacks protect modem, fax machine, cordless phone or other peripheral with a standard dialup/DSL phone connection. Built-in audible alarm and 4 front panel LEDs indicate line power status, battery power status, battery low/replace status and voltage boost operation. 1000VA / 500 watt power handling ability supports entry-level PCs, network workstations, point-of-sale equipment, small business phone systems, audio/video equipment and home theater systems. Offers 7 minutes battery runtime with a full load of 1000VA/500 watts and 18 minutes with a half load of 500VA/250 watts. Supports battery replacement via built-in access panel. 2 year warranty. \$200,000 connected equipment Insurance (USA & Canada Only).

KEY BUYING POINTS

- OMNIVS1000 Uninterruptible Power Supply offers voltage regulation, surge suppression and long lasting battery support
- Supports entry level PCs up to 60 minutes during blackouts to enable shutdown without data loss
- Regulates brownouts as low as 83 volts back to usable levels without using battery power
- 6 UPS battery supported outlets, plus 2 additional surge suppression-only outlets
- USB port and cable enables unattended shutdown in the case of extended power failure
- PowerAlert software available via free download from www.tripplite.com
- Single line phone suppression protects standard dialup/DSL phone connection
- Audible alarm and 4 front panel LEDs offer complete UPS and line power status information
- 1000VA / 500 watt power handling ability supports a variety of sensitive electronic equipment
- 7 minutes full load runtime (1000VA / 500 watts), 18 minutes half load runtime (500VA / 250 watts)
- Supports battery replacement via built-in access panel
- 2 year product warranty.
- \$200,000 connected equipment Insurance (USA & Canada Only).

TYPICAL APPLICATIONS

- Entry-level PCs, networked workstations, point-of-sale equipment, small business phone systems, audio/video equipment and home theater systems. Ideal for sensitive electronic applications in areas where brownout conditions are common.
