SmartPro Rack/Tower UPS System

Intelligent, line-interactive battery backup and network power management

Model #: SMART450RT

▶ 450VA 1U rack/tower UPS also supports wallmount and under-counter installation

▶ Enhanced DB9 communications port, free software and cabling, plus slot for optional SNMP/Web card

▶ Corrects brownouts and overvoltages from 85-147V

▶ 5 outlets (4 UPS supported, 1 surge-only)

▶ $250,000 Ultimate Lifetime Insurance (USA & Canada only)

DESCRIPTION

Tripp Lite's SMART450RT UPS System provides intelligent, line-interactive battery backup for networks, servers, and hubs/routers/switches. Innovative design makes the unit adaptable for rackmount, wall-mount, under-monitor, and tower applications. 450 VA power handling capability and UPS battery support allows you to work through short blackouts or safely shut down systems without loss of active data during longer ones. Tripp Lite UPS Systems feature superior power density (packing more VA capacity into smaller cabinets) conserving valuable rackmount space. SMART450RT models occupy only 1U of rack space. The unit has 5 AVR protected outlets (4 UPS & surge + 1 surge-only outlets), diagnostic LEDs and a built-in serial port that works with PowerAlert Software to provide automatic unattended shutdown. An accessory slot for use with optional SNMP card, network management, and connectivity products. $250,000 Ultimate Lifetime Insurance (USA & Canada Only). No warranty cards required for coverage!

KEY BUYING POINTS

- 450 VA output power rating (270 watts)
- Innovative design makes unit adaptable for rackmount, wall-mount, under-monitor, and tower applications
- Rackmount fits standard 19-in. rack (1 rack space)
- Accessory slot for use with optional SNMP card, network manage-ment, and connectivity products
- 5 protected outlets (4 UPS & surge + 1 surge-only); 6-ft. cord
- DB9 serial port for network interface; SNMP-compatible
- PowerAlert Unattended Shutdown Software and 6-ft. network cable included
- EXCLUSIVE from Tripp Lite: PowerAlert Software compatible with every brand of UPS, from every manufacturer
- Line-interactive with 3 levels of automatic voltage regulation (AVR)
- Complete surge protection and EMI/RFI noise filtering
- $250,000 Ultimate Lifetime Insurance (USA & Canada Only) —
  No warranty cards required for coverage!
- Diagnostic LEDs (indicate 17 performance conditions)
- Battery replacement door
- Mounting hardware included

TYPICAL APPLICATIONS

- Corporate and departmental servers, UNIX servers/workstations, hubs/routers/gateways/bridges, CAD/CAM/CAE workstations, network workstations, small-business servers, personal computers, and more.
